Space & Naval Warfare Systems Center Awards Contract

Darlington Incorporated of Arlington, Va., is being awarded an Indefinite Delivery, Indefinite Quantity, Cost-Plus-Fixed Fee type contract in the estimated amount of \$5,713,846 to provide information systems design, engineering support, on-site technical services, material procurement and maintenance to support Defense Department and other U.S. Government agency tasking as Phase III under the Information Movement and Management Small Business Innovative Research program. The scope of work includes commercial satellite and PC/UNIX computer LAN/WAN technical and logistics support for various SPAWAR System Center Charleston customers. Place of performance is Charleston, S.C. Period of performance for the base period shall commence 16 April 16, 1999 through April 15, 2000. This contract contains four one-year options, which, if exercised, will bring the total cumulative value of the contract to \$29,983,692. The contract will initially be obligated with O&MN funds (expiring 9/30/99) in the amount of \$25,000. This contract was procured as a Small Business Innovative Research Phase III effort on a sole source basis. One offer was received. The Space and Naval Warfare Systems Center Charleston is the contracting activity (N65236-99-D-5831).
